Wastewater System Improvements
WCI File: 16-600-510-01

Sealed Bids for the construction of the Wastewater System Improvements will be received by OWNER, at the office of the City Clerk, City of Hoxie; 829 Main Street; Hoxie, KS 67740, until 1:30 PM local time on March 19th, 2019, at which time the Bids received will be publicly opened and read. Bids received after this time will not be accepted.

The Project is generally described as follows:

General: Work includes furnishing all the labor, materials, and equipment for the construction/improvements at the wastewater lagoon facility, forcemain piping, west lift station, and main lift station. The general overall project improvements include construction staking, mobilization, erosion control, approximately 22 acres of grass seeding, corrosion resistant liners, telemetry, and all other incidental and appurtenant work required to complete the improvements as shown and specified.

Wastewater Lagoon Facility Improvements: Work includes furnishing all the labor, materials, and equipment for the wastewater lagoon facility improvements. The improvements include approximately 176,485 cubic yards of common excavation, approximately 148,880 cubic yards of earthwork compaction, 1,947 linear feet of 12-inch PVC lagoon piping, 223 linear feet of 12-inch DIP lagoon piping, one influent structure, 180 square yards of gravel surfacing, 65 feet of 24-inch CMP culvert piping, 3 transfer structures, 4 distribution manholes, 10,484 square yards of rock riprap slope erosion protection on Cells 1, 2 and 3, 4,980 linear feet of woven wire fencing, trenching; backfilling; over excavation; compaction; concrete work; site grading; gravel surfacing and all other incidental and appurtenant work required to complete the improvements as shown and specified.

Wastewater Force Main Improvements: Work includes furnishing all the labor, materials, and equipment for the wastewater force main improvements. The improvements include 9,977 linear feet of 8-inch PVC sanitary force main, 71 linear feet of 4-inch PVC sanitary force main, 853 linear feet of sanitary force main directional drill pipe, 7 air release assemblies, and all other incidental and appurtenant work required to complete the improvements as shown and specified.

West Wastewater Lift Station Improvements: Work includes furnishing all the labor, materials, and equipment for replacement of the existing wastewater lift station. The improvements include installation of a new submersible packaged lift station (Gorman Rupp or ABS) and concrete wet well; electrical site work; site grading; piping; by-pass pumping; conversion of existing wetwell to junction manhole; demolition of existing dry well; and all other incidental and appurtenant work.

Main Wastewater Lift Station Improvements: Work includes furnishing all the labor, materials, and equipment for construction of the main wastewater lift station and demolition of the existing wastewater treatment plant. The improvements include installing a permanent backup generator for the new lift station; installation of a new submersible packaged lift station (Gorman Rupp or ABS) and concrete wet well; installation of an influent manhole, metering manhole, plug valve assemblies, 12-inch PVC gravity sewer piping, site earthwork, modification of the existing influent box; electrical site work; piping; by-pass pumping; demolition of the existing wastewater treatment plant; conversion of the existing trickling filter into an extraneous flow basin, an emergency bypass portable pump and hose, and all other incidental and appurtenant work.

Alternate No. 1: Work includes furnishing all the labor, materials, and equipment for installing 10,484 square yards concrete slope erosion protection on the sides of the primary treatment lagoon cells, therefore deleting riprap slope erosion protection.

Alternate No. 2: Work includes furnishing all the labor, materials, and equipment for installing 7,310 square yards crushed concrete slope erosion protection on the sides of the storage cell.

Bidding Documents in electronic Adobe Portable Document Format (pdf) can be viewed or downloaded through the online Plan Room at <http://www.wilsonco.com/plan-room> at no charge. Printed copies of the proposed Bidding Documents may be obtained from the Wilson & Company, Inc. Engineers & Architects upon receipt of a non-refundable deposit in the amount of \$150.00 for each set, not including tax and shipping costs. Contractors, subcontractors, suppliers, etc. must register or log-in to view and/or download Bidding Documents. Complete sets of Bidding Documents must be used in preparing Bids; neither Owner nor Engineer assumes any responsibility for errors or misinterpretations resulting from the use of incomplete sets of Bidding Documents. For any questions regarding ordering or viewing of the Bidding Documents please contact the Issuing Office.

The Issuing Office for the Bidding Documents is:

Wilson & Company, Inc. Engineers & Architects, Salina, Kansas.
Telephone: 785-827-0433; Email: planroom.salina@wilsonco.com

Addendums and plan holder list will also be available through Wilson & Company, Inc. Engineers & Architects (<http://www.wilsonco.com/plan-room>).

A pre-bid conference will ***not*** be held.

Bid Security will be required in accordance with the Instructions to Bidders.

Bidder qualifications may be required in accordance with Instructions to Bidders.

Contract time will be set in accordance with the Agreement.

OWNER reserves the right to reject any or all Bids and to waive irregularities in bidding.

This project is funded in part by Kansas Department of Commerce Community Development Block Grant (CDBG), a Kansas Department Health and Environment Revolving Loan (KWPCRF), and permanent financing from the United State Department of Agriculture – Rural Development (USDA-RD). Bidder's attention is called to the required compliance with CDBG, KWPCRF, and USDA-RD funding requirements.

Bidders attention is called to the required compliance with conditions of Section 3 of the 1968 Housing Act, Section 109 of the 1984 Housing and Community Development Act, the Civil Rights Act of 1964 and Segregated facility.

Bidders on this work, including subcontractors or vendors, will be required to comply with the President's Executive Order No. 11246. Requirements for bidders and contractors are explained in the Bid Documents.

Bidders on this work, including subcontractors or vendors, will be required to comply with the Kansas Act Against Discrimination (K.S.A. 44-1001 et.seq.) and the Kansas Age Discrimination in Employment Act (K.S.A. 44-1111 et.seq.). Requirements for bidders are explained in the Bid Documents.

Bidders must fully comply with Subpart C of 40 CFR Part 32 entitled Responsibilities of Participants Regarding Transactions. Contractors, subcontractors, or suppliers that appear on the Excluded Parties List System at www.epls.gov are not eligible for award of any contracts funded by the Kansas Water Pollution Control Revolving Fund.

Any questions regarding the Bidding Documents should be directed to Engineer.
