Testimonials

"The responsiveness of the contractor to changing requirements of the project was exceptional. The quality of the submitted project was likewise exceptional, as was the contractor's overall professionalism."

Jeff Firebaugh, USACE Albuquerque District Site Survey, Border Patrol Station, Fabens, TX

"Excellent work. Deliverable submitted on time."

Lauren Eipp, Contracting Officer, USDA, Natural Resources Conservation Service

"Great work on the review document, this really turned out great. Better than my expectations. Especially given the time frame. Again my thanks for your professional work. Well done."

Bronson Smart, PE
Utah State Conservation Engineer

Company Background

For more than eight decades, we have served federal agencies by delivering comprehensive planning, design, and construction services. Whether a prime firm offering comprehensive in-house services, or serving on a joint venture or a set-aside team, we respond to energy, technology, security, and natural disaster projects with responsiveness, quality, and a focus on solutions.

Current Performance/Contract Vehicles

- Sandia National Laboratory A/E IDIQ (Joint Venture with Thornton Tomasatti/Rock Gap/Navarro)
- National Renewable Energy Laboratory Design-Build MATOC (Sub to B&M Construction)
